

# McQUINN PUMPS

## Shallow Well Pumps & Injectors

OJ800 Performance

- The Farmmaster OJ range is the flagship of the Onga range, offering performance, efficiency and reliability in a solid cast iron casing
- The bottle shaped casing allows easy escape for air and aids the pump in priming suction lines

### Applications:

- Stock watering, irrigation and water transfer from dams, creeks, wells and bores

Model	kW (Watts)	Voltage	Current (Amps)
OJ800	2800	240 / 480 V	14 / 7
OJ800	3000	415 V	5.5

Model	Injector Model	Pressure Switch Setting (kPa)	Suction Lift (M)	Discharge Head (Metres)												Maximum Pump Pressure (kPa)				
				15	21	27	34	40	46	52	58	64	70	76	82		88	95
